Curriculum Feedback Analysis

The Principal in association with IQAC has formed feedback analysis committee to evaluate the responses from various stakeholders as parents, students and alumni. The Feedback Analysis Committee designs and collects feedback from its stakeholders to monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms were collected from 20% of the total students, 10% of the total parents, 10% of the total alumni. Students who offered feedback were from different streams of the college.

The feedback covers the following parameters.

- **Syllabus and Local Needs of the Society:** The College is affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. The curriculum is designed by the BOS of the respective subjects. The college ensures effective curriculum delivery through a well-planned and documented process. The responses are collected whether the syllabus meets the local needs of the society in terms of stakeholders.
- **Applied Aspects Related to Industry:** The syllabus framed by the affiliated university fulfils the industrial needs and its applied aspects with the effective implementation of the skills. It is expected through the course outcomes that the students should acknowledge specific job oriented employable skills after completing a specific course. The campus interviews invite various industries in college campus through Placement Cell of the college.
- **Curriculum Based on Entrepreneurship Development:** The students from commerce faculty have introduced a special subject entitled Entrepreneurship Development encouraging such quality among students. The industrial visits are also organised as a part of extracurricular activities.
- **Promoting Environmental Awareness:** To create environmental awareness, the university has introduced a compulsory exam for students of undergraduate level. The

programmes like Tree Plantation Drive, conferences based on environmental issues, nurturing botanical garden, the best practice nurturing the mother earth help to inculcate environmental awareness among the students.

- **Personality Development:** The core value of the courses is versatile development of the students through curricular, extracurricular and co-curricular activities. Value and skill based courses shapes the personality of the students. It addresses issues like general communication skills, developing solutions to real life problems, working in a team, organization skills, learning of new techniques, integration of technology for work as learnt through the curriculum.
