Criterion 2 – Teaching, Learning and Evaluation

Date: 29 /03/2023

Metric: 2.3.1 Student centric methods

A) Experimental learning,

Year: 2017-2022

2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences using ICT tools

2.3.1 Experimental Learning

An experiential learning is an engaged learning process whereby students “*learn by doing*” and by reflecting on the experience. Experiential learning activities can include, but are not limited to, hands-on laboratory experiments, internships, field exercises, Academic research and stage performances. Well-planned, supervised and assessed experiential learning programs can stimulate academic inquiry by promoting interdisciplinary learning, civic engagement, career development, cultural awareness, leadership, and other professional and intellectual skills. In Experiential learning students learn to take initiative, make decisions, and be accountable for the results. Students engage intellectually, creatively, emotionally, socially, or physically.

Supporting Activity Photographs

Field Visit/Internships:

Different academic field visits are organized to learn basic knowledge and experiences.

Department of Botany Organised field visit to study Aurvedic Medicinal Plants At. Amolak Botanical Garden (Amolak Devrai) Near Gandhi college Kada, Every Year for Botany and other students (Guidance by Dr. Patale S.S.)

Department of Geography Organizes Field Visits For spot observation with the help of surveyor of India SOI Toposheets (finding out the Actual Spot Near Sakat Tal. Jamkhed) Every year. (Guidance by Dr. U.E. Chavan)

Department of Geography arranged Plane table surveying Methods (field practical). Radiation, intersection or triangulation, traversing, and resection are the four primary approaches to plane table surveying (Guidance by Dr. U.E. Chavan).

Practical's:

Practical is an integral part of theory sessions while analysing the specialized concepts which ease classroom learning by providing knowledge through practices.

Department of Chemistry:

Department of Chemistry: Inorganic Synthesis (Preparation) Inorganic synthesis or preparations gives us an insight in synthetic inorganic chemistry. As in organic preparations, in inorganic preparations also we have to consider the yield and purity of compounds formed. By Dr. S.M. Jagdale

Department of Botany

The practical experiments in Class Botany include: Study of permanent slides, microscopic preparation of slides, Study of preserved and fresh specimens, Section, cutting and mounting, Analysing the problem and solving it, by Mr. Sayyad, Dr. Patale, Dr. Anarase, Dr. Jadvar and Dr. Patale.

Department of Zoology

Zoology is the branch of biology that studies the animal kingdom, including the structure, embryology, classification, habits, and distribution of all animals, both living and extinct, and how they interact with their ecosystems. By Dr. Abdar, Dr. Jadhav, Dr. Vaidya.

Avishkar

His Excellency, the Governor of Maharashtra, Shri. S.M. Krishna has initiated a novel inter university research project competition named 'AVISHKAR' in the year 2006. This activity, unique in its nature and Savitribai Phule Pune University has taken special efforts to increase the participation of the talented students from rural and urban areas. Special efforts were taken to organize regional competitions, organize special training to these students and provide them necessary help and guidance to enhance their abilities to present their work in an effective manner

BA in physical education is a full time undergraduate 3-year program in physical education. This program provides the study of all the areas capturing science related to physical knowledge and application of such skills.

Yoga for students

Yoga for Teacher

The date of June 21 was chosen as it is the Summer Solstice, the day where there is the most sun out of every other day of the year. Overall, it received support from 177 nations, the highest number of co-sponsors for any UN resolution, proclaiming June 21 as the International Yoga Day.

Slow movements and deep breathing increase blood flow and warm up muscles, while holding a pose can build strength. Balance on one foot, while holding the other foot to your calf or above the knee (but never on the knee) at a right angle.

Students' participation in University Youth Festival

Youth Festival is celebrated every year coinciding with the birth anniversary of Swami Vivekananda, to honour and cherish his ideals, teachings and contributions. The Youth Feste provides exposure to talented youth at the University level, along with galvanising them towards nation-building.

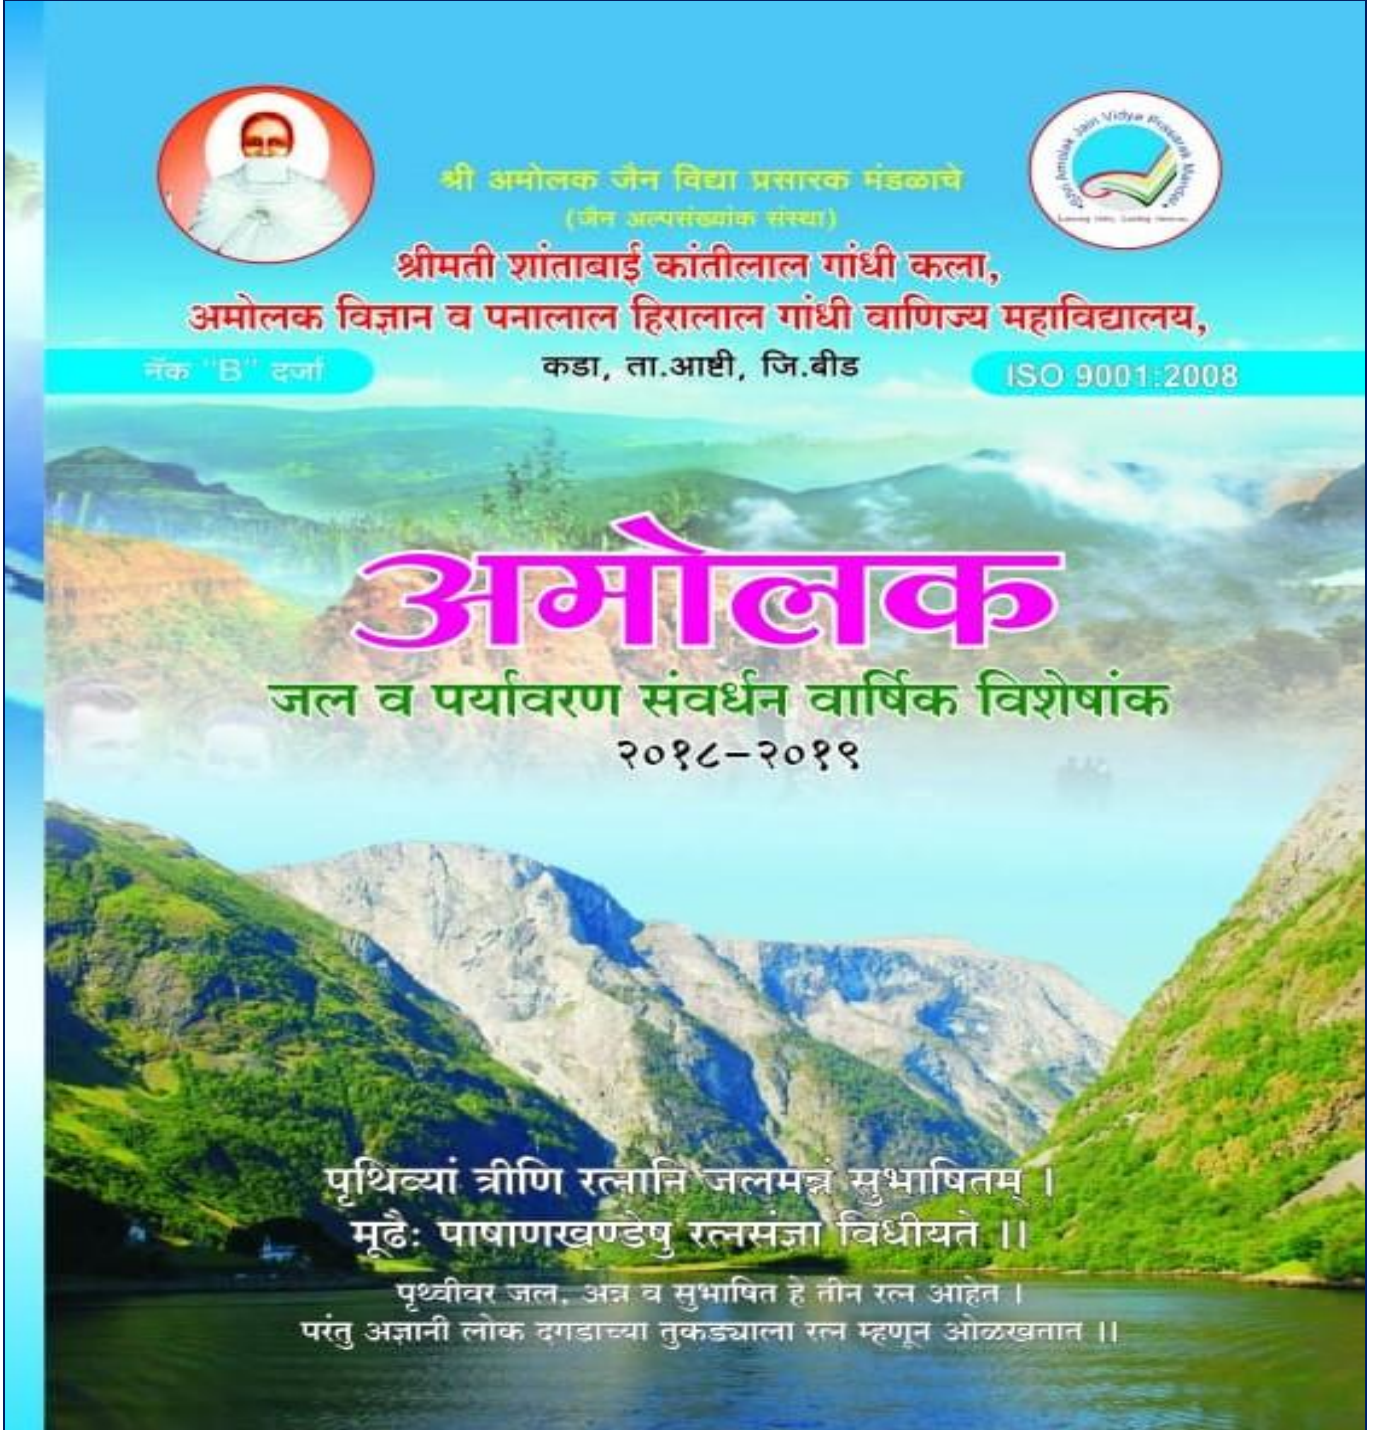

College Festival

Helps in Learning: College fests help expand the horizons in learning in a student's life. Many of them actively participate by joining and becoming a member of the internal teams, managing finances, vendors, sharpening networking skills, and enhancing their college's reputation on the whole.

Students Seminar

The term "seminar" refers to a course of intense study relating to the student's major. Seminars typically have significantly fewer students per professor than normal courses, and are generally more specific in topic of study.

Webinars and Conferences:

As a part academic development webinars, conferences and guest lectures are conducted by the departments on core subjects, career-oriented topics, and recent technologies to understand the topic in different perspectives.
