Criterion 2 – Teaching, Learning and Evaluation

Date: 29 /03/2023

Metric: 2.3.1 Student centric methods

Year: 2017-2022

2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

2.3.1.4 Participative Learning

Field visit

The field visit or field trip is an educational procedure by which each student gain or learn information by observing the objects, places, natural events and other real-life information. The main objective of the field visit is to reinforce experiential and contextual learning.

Department of Botany Organised field visit to study Aurvedic Medicinal Plants At. Amolak Botanical Garden (Amolak Devrai) Near Gandhi college Kada, Every Year for Botany and other students (Guidance by Dr. Patale S.S.)

Presentation

Presentation skills are the abilities one needs in order to deliver compelling, engaging, informative, transformative, educational, enlightening, and/or instructive presentations. Central to effective presentation skills are public speaking, tone of voice, body language, creativity, and delivery.

Industrial Visit

Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technology.

Group Discussions

Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Debate competition At College

A debate is an organized event where the participants present their arguments or discuss a topic from two different perspectives. The main objective of participating in a debate is to convince others about one's viewpoint.

Quiz competition offline

Quiz, a contest in which participants test what they know by answering questions on one or more topics.

Newspaper reading

Newspaper reading is one of the most beneficial habits. It helps us get acquainted with the current affairs of the world. We get to know about the latest happenings through a reliable source.

Magazines in Library

Use magazines when you need current information on popular topics, and use journals when you need scholarly information, including research studies. Both are periodicals, meaning they are published periodically or regularly, and publications of each type may have a broad or subject-specific focus.

Educational tour

Educational tours are a great way for students and educators to absorb, interact and to grasp theory practically. They are not only a huge welcome break for both the students and teachers but also of educational significance to both of them.
