Criteria: II Teaching Learning Evaluation

2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences

POLICY DOCUMENT ON ADVANCED AND SLOW LEARNERS:

Our College for Rural students has established itself as an institution by providing quality teaching-learning to students. The college offers learner centric teaching-learning, with comprises a good number of co-curricular and extra-curricular activities for learners from diverse background for their holistic development. The college recognizes that the learning interest and pace of every learner is different. The college considers that some learners are not-so-gifted (Slow learners) and whereas some are gifted learners (advanced learners). In such a situation, it is crucial to recognize the learning levels of learners and plan accordingly to deliver learner centric teaching-learning.

ADVANCED AND SLOW LEARNERS:

Advanced learners are the students who grasp a taught topic relatively faster than the other students in the class and get high marks. They have more capability and ability than the others in the class. These students are with better academic understanding, as well. Whereas, the learners are mostly fall behind in their academic aspiration and find difficulty in understand the subject. The impoverished performance may not be a sign of the poor capacity or talent but be due to socio- economic background, lack of motivations and support, unorganized learning practices or even the inability to converse in devised medium of instructions.

OBJECTIVES:

- ✓ To develop strategies for the benefit of both the advanced and slow learners.
- ✓ To encourage to the advanced learners to be stupendous achievers.
- ✓ To boost up the confidence of slow learners and to minimize the barriers.
- ✓ To enhance the skills in respect of learning processes.
- ✓ To minimize the gap between slow learners and advance learners.
- ✓ To motivate for innovative and creative mindset.
- ✓ To organize the workshop/seminar/guidance program for slow learners.

- ✓ Help to understand paper pattern, question pattern etc.

METHODS OF ASSESSMENT:

- ✓ The students can be assessed to identify their learning levels by different mechanisms.
- ✓ At the entry level, the students must be assessed on the basis of their performance in examination.
- ✓ Through interaction.
- ✓ Through class test.
- ✓ Involvement in classroom teaching-learning and learning pace of students.
- ✓ Then, the remedial classes should be conducted regularly for the identified slow learners, as per the schedule.
- ✓ During these classes, teachers are expected to provide additional study materials and notes, etc. to the students to bridge the knowledge gap and enable them to cope with the academic course to which they are enrolled.
- ✓ Specific steps to be taken for advanced learners.
- ✓ Advanced learners are motivating do strive for higher goals.
- ✓ Encouraging advanced learners to take part in activities like group discussions, seminar, debate, and quiz.
- ✓ Motivating them to involve in research projects to inculcate research orientation and higher studies aspirations.
- ✓ Motivating and guiding them to take competitive examinations for better career.
- ✓ Sending the advance learners to represent college in Inter collegiate level competition.
- ✓ Encourage them to attend the seminar/ workshops and other important programmes.
- ✓ Organizing activities to promote the interactions with the subject experts and develop critical thinking abilities.
- ✓ They are made the supporters to the average and the slow learners.

SPECIFIC STEPS TO BE TAKEN FOR SLOW LEARNERS:

- Personal attention/ counseling
- Remedial Class
- Organize bridge classes.
- Group discussions.
- Concept clarification and problem-solving incitation.
- Bilingual explanations and discussions.
- Revision of topics and practical.
- Enhancement of communication skills and art of read and writing skill.
- Provision of simple and standard lecture notes/course materials.
- Academic and personal counseling are given to the slow learners by the mentor and the counseling Cell.

REPORT ON REMEDIAL COACHING PROGRAMME

Every student aspires to learn at the same pace as everyone else in the classroom, but normally this is not really the case. There are students who lag behind and it is here that remedial teaching comes into the picture. This programme is more focused to give teaching support to enhance their qualitative and quantitative subject knowledge, academic skills and linguistic proficiency. Hence, our college has this practice to provide support and assistance to the students. So that they do not fall behind and avoid acquiring a "failure" mindset.

The assigned remedial teachers deploy requisite learning activities and strategies to ensure the students to perform to their full potential by overcoming any learning barriers. These remedial programs are implemented to provide different educational strategies like more or refined practice, clarification, repetition of content and in some cases, individual attention is given to identify the learning difficulties.

The remedial coaching has given a positive impact on the student to identify the difficulties such as- poor memorization potential, low level of comprehension, lack of motivation towards learning, failure to understand the instructions, inability to grasp abstract ideas, need additional time to complete certain tasks, low self-assurance with minimum self-expectation, difficulties in problem solving etc.

The decision was taken by the college to prioritize students who failed in one or two subjects in the previous semesters. The remedial coaching classes were planned and conducted in addition to regular semester classes.

Slow learners were identified by the tutors on the basis of their performance in the internal assessment. Though the remedial coaching hour were one hours in a week per subject, most of the department had done it efficiently.

MEASURES IN FORCE FOR ADVANCED LEARNERS

The college supports the advanced learners by encouraging them to participate in various curricular and extra-curricular activities from college to university and inter collegiate levels. A number of endowment prizes are instituted for their performance in their examinations. The college also has an active placement cell. The really capable one is also encouraged to participate in the various activities of their respective departments collaborating with the teacher's in-charge, there by developing leadership and organizational skills. In keeping with the needs of the changing times, various departments take initiative to include more and more ICT based activities.
