## **MENTOR MENTEE PROGRAM GUIDELINES**

**2021-2022**

### **A. MENTORING: DEFINITIONS AND PRINCIPLES:**

Mentoring has evolved to embrace a wide range of activities in recent years: from being allocated individuals who respond to queries that an individual has and give moral support, to schemes that border on counselling given the complexity of the needs of the mentee.

**A sound working definition was offered by Eric Parsloe:**

“Mentoring is to support and encourage people to manage their own learning in order that they may maximize their potential, develop their skills, improve their performance and become the person they want to be.”

There are particular words and phrases in this quote that draw our attention:

- ✓ 'Supporting' and 'encouraging' suggest it is non-directive.
- ✓ 'Manage their own learning' suggests that the responsibility for this lies with the mentee.
- ✓ 'Maximize potential, develop their skills, improve their performance' identifies the spirit of growth and development.

- ✓ 'The person they want to be' clarifies that this is about an individual establishing their own goals with help.

## **B. WHAT MAKES A GOOD MENTOR**

Before becoming a mentor, here are a few things to understand about the role of mentoring. Most of us have had a teacher, supervisor, or coach who has been a mentor to us and made a positive difference in our lives. Those people wore many hats, acting as delegators, role models, cheerleaders, policy enforcers, advocates, and friends. Mentors assume these different roles during the course of a relationship, and share some basic qualities:

- ✓ **A sincere desire to be involved with a young person.**
- ✓ **Respect for young people.**
- ✓ **Active listening skills.**
- ✓ **Empathy.**
- ✓ **Ability to see solutions and opportunities.**
- ✓ **Flexibility.**

## **C. MENTORSHIP:**

“Mentorship is the influence, guidance, or direction given by a mentor. In an organizational setting, a mentor influences the personal and professional growth of a mentee.”

## **D. HERE ARE SOME OF THE BASIC QUALITIES OF A GOOD MENTEE:**

- ✓ **Drive to succeed. A good mentee should have the drive to succeed. ...**
- ✓ **Hard working. Mentees need to be hard workers. ...**
- ✓ **Time management. ...**
- ✓ **A positive attitude. ...**
- ✓ **Respect for authority. ...**
- ✓ **Open to learning. ...**
- ✓ **Clear communication. ...**
- ✓ **Initiative.**

## **E. MENTOR MENTEE RATIO:**

**MMR**= Number of Student admitted to the course ÷ Number of teachers
